PROFESSIONAL SUMMARY

Frontend Developer with a strong focus on React.js and Next.js, experienced in building scalable, high-performance, and user-centric web applications. Proficient in JavaScript (ES6+) and TypeScript, with hands-on experience in modern UI development using Tailwind CSS and Bootstrap. Skilled in developing responsive and cross-browser compatible interfaces, Single Page Applications (SPA), and server-side rendered applications using Next.js. Experienced in API integration, state management (Redux Toolkit, Context API), and performance optimization techniques. Passionate about writing clean, maintainable code and creating seamless user experiences. Currently seeking a Junior Frontend / React / Next.js Developer role to contribute to impactful projects and continue growing as a developer.

CORE SKILLS

React.js, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Redux Toolkit, REST APIs, Responsive Design, API Integration, Component-Based Architecture.

TECHNICAL SKILLS

- Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks & Libraries:** React.js, Next.js, Redux Toolkit, Context API
- Styling & UI:** Tailwind CSS, Bootstrap 5, Material UI, Styled Components
- API & Data Handling:** REST APIs, Fetch API, Async/Await
- Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools, Figma
- Backend (Basic):** Firebase Authentication, Firestore
- Deployment:** Vercel

WORK EXPERIENCE

Frontend Developer (Trainee) | Saylani Mass IT Training (SMIT) | April 2025 – Present | Karachi, Pakistan

- Developed responsive and cross-browser compatible web applications using modern frontend technologies
- Built scalable Single Page Applications (SPA) using React with Hooks and functional components
- Developed server-side rendered (SSR) and static applications using Next.js to improve performance and SEO
- Designed reusable, component-based architecture to enhance scalability and maintainability
- Implemented state management using Context API and Redux Toolkit
- Integrated REST APIs using async/await for efficient data handling
- Created custom hooks to improve code reusability and logic separation
- Applied performance optimization techniques such as memoization and efficient state updates
- Built modern and accessible UI using Tailwind CSS, Bootstrap, and Material UI
- Integrated Firebase Authentication and Firestore for basic backend functionality
- Managed version control and collaboration using Git and GitHub

PERSONAL PROJECTS

SkyCast — Weather Dashboard

- Developed a modern weather application using Next.js (App Router) and TypeScript
- Implemented real-time city-based search with API integration
- Built multiple modules including current weather, forecast, air quality index, and alerts
- Applied SSR and CSR concepts to improve performance and loading speed
- Designed a clean, responsive UI using Tailwind CSS
- Deployed the application on Vercel

Tech Stack: Next.js, TypeScript, Tailwind CSS, REST APIs

CodeLab Pro — Task-Based Dashboard

- Built an interactive dashboard with Firebase Authentication (Signup/Login)
- Implemented logic-based tools such as string manipulation and filtering features

- Enabled dynamic execution of tasks with real-time output display
 - Managed application state using React Hooks and Context API
 - Designed responsive and user-friendly UI using Tailwind CSS
- Tech Stack:** React.js, Firebase, Context API, Tailwind CSS

SneakX — E-commerce Application

- Developed a dynamic e-commerce interface with product listing and filtering system
 - Implemented advanced filtering (category, price, color) for improved user experience
 - Built a fully functional shopping cart with quantity management
 - Managed global state using Context API
 - Designed a responsive UI and smooth user experience
- Tech Stack:** React.js, Context API, Tailwind CSS

EDUCATION

Intermediate (Pre-Engineering) | Ziauddin University, Karachi | 2022 – 2024

CERTIFICATES

- HTML, CSS, JavaScript Certificate – Cisco
- Coding Night Participation Certificate – SMIT
 - Completed a high-intensity 12-hour hackathon focused on rapid problem-solving and frontend development.

LANGUAGES

- English (Intermediate)
- Urdu (Native)
